

General: How do I manage SkypeIn numbers and assign Skype credit to people in my company?

Organise your company's Skype accounts centrally and allocate credit or automatically recharge accounts, and manage invoicing with one simple system.

The Skype for Business Control Panel is a **free** tool to help business users centrally manage Skype accounts within their company.

- Web-based tool - quick and easy to sign up
- Centrally manage your Skype accounts.
- Allocate credit to employees.
- Automatically recharge accounts.
- Print consolidated invoices.

Further information on the Skype site [here](#).
